Public Comment Form

Contact: Robert Westfall, Town Engineer

Phone: 716 – 773-9600 x639

The Town Grand Island invites the public to review and comment on its New York State Stormwater Permit Annual Report and Stormwater Management Plan (SWMP) in an effort to increase public awareness and encourage involvement with stormwater pollution prevention.

The Town of Grand Island is a member of the Western New York Stormwater Coalition, a group consisting of representatives from Erie County, Niagara County, thirty-nine regulated municipalities and environmental consultants. The members meet regularly to collaborate on their shared stormwater management work.

The Stormwater Management Plan details the work of the Town of Grand Island as well as that of the WNYSC – which is primarily public education and participation activities. The Annual Report details specific actions and measureable goals related to the SWMP.

We appreciate your time and effort in reviewing our documents.
